The University Career Development Center is preparing to celebrate our 60th year of connecting U of A students with employers! Look for upcoming celebration events.

UNIVERSITY OF
ARKANSAS

All Majors Fair/Bumpers College Career Information Day and Graduate School Fair

September 16th, 10:00 a.m. to 2:00 p.m.

The All Majors Fair/Bumpers College Career Information Day will take place in the Ballroom in the Arkansas Union building. There are already over 30 companies registered to attend. The variety of companies that have registered includes J.C. Penney, Tyson, Cargill, Anchorage School District, and the Arkansas Department of Education, just to name a few. It's not too late to register!

Our Graduate School Fair will be in conjunction with the All Majors Fair. It will also be located in the Arkansas Union, but will be held in the Connections Lounge.

Both fairs will begin at 10:00 a.m. and go to 2:00 p.m. To register for either fair go to this link: <http://career.uark.edu/Employers/career-fairs.asp>

We look forward to having you on campus!

Engineering Expo September 22, 2:00 p.m. to 6 p.m.

The Engineering Expo is always an exciting event for the Career Development Center. The fair will take place in the Bell Engineering Center. Currently, we have over 50 companies that have registered. You can register at <http://career.uark.edu/Employers/careerfairs/EngineeringExpo.aspx>.

The \$450 registration fee includes a catered meal, parking, and a six foot table to display your

information. We expect a large student turnout!

If you are unable to attend, feel free to post a job on our on-line job/internship posting system, eRecruiting. This is a great way to continue to employ our students even when you are unable to travel to the area. Send your job postings anytime to recruit@uark.edu. For more information, contact Lori Magar at 479-575-2804.

Veterans Resource and Information Center Opens at the U of A

The Veterans Resource & Information Center opened on the sixth floor of the Arkansas Union this summer. The center gives veterans a single information center to help them navigate the university's resources. The center's interim director is Erika Gamboa, a veteran herself.

Interview Days

The Career Development Center has rooms reserved for next day interviews after Engineering Expo and All Majors career fairs in the Arkansas Union. To reserve your room, call Lori Magar at 479-575-2804
