Ms. Tiffany Quest
Recruiting Coordinator
Dynamics Corporation
Dallas, TX 76544

Dear Ms. Quest:

Your advertisement for software engineers on the eRecruiting website at the University of Arkansas caught my attention. I am currently in my senior year majoring in electrical engineering and will graduate in May 2005.

During my internship last summer at Vision Tech, I worked with a CALMA system in developing VLSI circuits, and I also have substantial experience in the design of interactive CAD software. Because of this experience, I can make a direct and immediate contribution to your department. I am very hard working and would bring a great deal of dedication and energy to the position of software engineer. My interest in your company stems from the extensive reading I have done in various trade journals about the high quality work environment that exists at Dynamics Corporation.

I would like very much to meet with you to discuss your openings for software engineers. If you wish to arrange an interview, please contact me at the above address or by telephone at (479) 260-9999.

Thank you for your time and consideration.

Sincerely yours,

Mike Smith
