

Help your students earn the Career-Ready Badge

When your class activity or assignment allows students to practice a career-ready skill, invite them to **submit a skill reflection form**.

Reflections allow students to:

- Practice interview storytelling
- Connect class activities to their career goals
- Articulate how they developed career-ready skills

When students practice a skill five times, they earn a Career-Ready Badge on HogSync and LinkedIn.

The campus-wide Career-Ready Badge provides an inventory of opportunities offered by departments and student organizations to practice and develop 8 UA Career-Ready Skills.

How to find the reflection forms:

- Log into HogSync
- Search for the Offices of Career Connections
- Choose the Survey option on the navigation bar at the top of the page
- Find the relevant skill and submit the form
